

Your Challenge

To seamlessly manage all the moving pieces of a multi-story office building or commercial facility while promoting the safest possible environment, minimizing disruption and reducing potential loss of life and property.

Our Solution

Command Security Corporation is the nation's most trusted and experienced provider of contract security services. Our security personnel are vigilant, highly trained, and work closely with property management to preserve the safety, security and sanctity that tenants and visitors expect.

Next Step

Every facility faces unique security challenges. To customize a solution that meets your needs, we devote extensive time and resources to understanding each client's specific security requirements and to evaluate existing security processes and procedures. The result: our customized security solutions are effective and adaptive.

Taking Command of Your Security Needs

**21st Century Security Services
to Protect People and Property**

Why Command?

Command's Security Services Division brings unparalleled expertise in contract security services. We can design, implement and manage a customized security solution; and furnish highly-skilled personnel to protect your people and property.

Specialized Training: Command's more than 6,000 security officers meet all state and federal requirements for training. Our employees also meet Command's rigorous standards in such areas as: terrorism response, building entry and access control, facility monitoring, fire safety, crowd control, crisis management and emergency management.

Technology: Command personnel are trained to utilize the security industry's latest technologies and equipment. Our long-time partnerships with leading suppliers of innovative electronic systems and instruments ensure the most advanced level of protection available.

Accountability and Responsiveness: Constant communications and quality control initiatives ensure that Command meets client needs. Our procedures include: a 24-hour, 7-day manned dispatch unit; written, telephonic and electronic records of daily duties and events at all levels; monthly service reports; unannounced site visits by Command management; internal audits, confidential interviews by Command executives and an employee hotline that delivers post duties and the latest news on potential threats.
