

## **Your Challenge**

Operators of healthcare facilities face a difficult task: To comply with hospital and healthcare facility security protocols, enhance patient/physician safety, minimize disruption, reduce loss of assets and maintain a highly-trained security staff – all within shrinking operating budgets.

## **Our Solution**

Command Security Corporation is the nation's most trusted and experienced provider of contract security services to the healthcare industry. Our staff has the most comprehensive healthcare-specific training and technology in the industry. We provide complete, customized and cost-effective solutions for healthcare organizations of all sizes.

## **Next Step**

Every healthcare facility faces unique security challenges. Before initiating any project, we devote extensive time and resources toward understanding each client's specific security needs as well as evaluating existing security processes. The result: customized security solutions that are effective and adaptive.

**Security Solutions for  
the Healthcare Industry**

## Why Command?

### **Specialized Healthcare-Specific Training:**

Command's security personnel meet state and federal requirements for training as well as standards set by the Joint Commission on Accreditation of Healthcare Organizations. Employees are trained in accordance with the International Association for Healthcare Security and Safety protocols for work in hospitals and receive extensive on-site, client-specific training. Additional training includes: EMT certification, Fire Safety Director, CPR certification, customer interaction, crisis prevention and management, terrorism response and more.

**Technology:** Command utilizes the latest technologies including Datacard® ID systems, Deggy® electronic

tour systems, KeyTrak® entry systems, electronic reporting software, sophisticated digital CCTV systems, as well as medical-safe radio communications systems. Our long-time partnerships with leading suppliers of innovative electronic systems and instruments ensure the most advanced level of protection available.

**Accountability and Responsiveness:** Quality and adaptability are ensured through: a 24-hour, 7-day manned dispatch unit, written, telephonic and electronic records of daily duties and events at all levels, monthly service reports, unannounced site visits by management, internal audits and confidential interviews by Command Security Corporation executives.
